IRRITABLE NERVOUS

Was Condition of Indiana Lady Before Beginning to Take Card-u-i, the Woman's Tonic.

Kokomo, Ind.—Mrs. H. Hankemeier, of this town, says: "I look so well, and am so well, that it does not seem as if I ever needed Cardui. But I was not always this way. I think I have taken a dozen bottles before my little girl came."

I was feeling dreadfully bad, had headache, backache, sick at my stomach, no energy. I was very irritable, too, and nervous.

I began taking Cardui about 6 months before my baby came. As a result all those bad feelings left me, and I just felt grand, just as if nothing at all was the matter, and when the end came I was hardly sick at all.

Since that I have never taken Cardui at all. It has done me good, and I know it will help others, if they will only try it."

Many women have written grateful letters like the above, telling of the good that Cardui has done them. Why should it not help you, too? If you suffer from any of the ailments so common to women, and feel the need of a safe, reliable, strengthening tonic, we urge you to begin today and give Cardui a fair trial. Your dealer sells Card-u-i. EB-10
